

## PORTA-STREAM® FLUID DISPOSAL CART

Portable, self-contained eyewash stations provide flexible, emergency eyewash capability in economical systems. Lightweight, portable units don't require plumbing.

This heavy-duty, polyethylene, wheeled disposal cart provides a convenient mean to transport waste solution to the nearest disposal site. The cart may also be used to catch fluid when testing plumbed emergency eyewash and showers that do not have drains. Disposal cart can hold up to 20 gallons of fluid, and has a 3.94" diameter hole.

**Model No. SE137**  
**Mfg. No. 32-000511-0000**  
**Price/Each \$295.06**

## PORTA-STREAM® I

**Easy installation with no plumbing required!**

Can be easily and affordably placed near most workplace hazards with single bracket mounting device or transported with optional universal cart or universal stand. Moulded handle accepts hanging bracket for vertical or horizontal surface installation. Versatile flushing fluid options include *Eyesaline*® - a preserved, buffered, saline solution superior to tap water for emergency eye care, and Fend-all water additive. Delivers 6 minutes of uninterrupted, hands-free flushing. Supplied with 70 oz. (2.07 L) of *Eyesaline*® concentrate which, when mixed with tap water, provides 6 gallons (22.7 L) of *Eyesaline*® solution. Life is four months after mixed with water. Simple strap is easily removed, leaving hands free to hold eyelids open. Low maintenance with no moving parts. Large fill hole simplifies refilling and cleaning
