Alkaline Cleaner

Part # CH43GL

VIPER STONE is an alkaline pre-treatment cleaner for man-made ceramic, porcelain and quarry tile. Use for floors with particulate soil and residue from oils. Ideal for use in deep cleaning for restaurants, kitchens, and areas of high traffic.

- Amazing advances in high tech surfactant technology help Viper Stone melt away years of built up grease and soils – without additional solvents or highly caustic builders.
- Minimal residue improves bonding and performance of sealers.

- Solvent free oil cutting ability makes it safer and effective
- Melts away years of built up grease and soils
- Use on stone, grout, terrazo, and ceramic, porcelain, quarry, resilient and vinyl composition tile
- High powered alkaline cleaner

DIRECTIONS:

Pretest in an inconspicuous area for surface compatibility.

Dilute 1 to 4 with hot water for pump up sprayers. Meter through Hydro-Force or Revolution at 1 to 4. Spray grout lines thoroughly and mist over tile. Allow to dwell for 5 to 10 minutes and extract with Gekko or SX-12 tools using Viper 7 as extraction rinse.

RTU ph - 10.5 - 11.5

Available in Gallons and 4 x 1 gallon cases

Hydro-Force | 4282 South 590 West Salt Lake City, UT 84123
