New Something New for Every Hardhat **MSA's Medical Information Carrier System**

Top 10 Reasons... You'll Want **Everyone to Use It**

- 1. It's a small, simple, inexpensive hardhat accessory that can save lives!
- 2. It provides access to the hardhat wearer's medical information while the worker is on the job.
- Using it helps to establish a universal 3. safety system for individuals who wear helmets.*
- 4. Anyone can fill out the data form, tuck it into the small orange carrier, and stick it inside their helmet shell, then place the small reflective decal on the left rear of the helmet to alert emergency personnel.
- 5. The wearer can write medical history, pertinent instructions, emergency contacts, etc.
- 6. It is simple and small, but essential for an unconscious worker who needs immediate medical attention.
- 7. It adds another dimension of personal protection to the safety helmet.
- 8. It can be used on any make of hardhat.
- 9. It's an MSA-exclusive product for the industrial helmet market!
- **10.** It costs only about \$2.50 per person.

Note: This Bulletin contains only a general description of the products shown. While uses and performance capabilities are described, under no circumstances shall the products be used by untrained or unqualified individuals and not until the product instructions including any warnings or cautions provided have been thoroughly read and understood. Only they contain the complete and detailed information concerning proper use and care of these products.

BONUS POINT: Customers really like it! One safety director said, "It's the best information system I've ever seen! So simple, it's brilliant!"

Ordering Information

MSA's New Medical Information Carrier System (P/N 10013393) is sold in a package of 10 sets for a list price of \$24.65 per package.

* Similar MICS are made for use with protective bicycle helmets and other helmets. As more people adopt this system, the practice of keeping important medical information inside your hardhat will become a universal safety system.
