

VAPORTEK® TECHNICAL DATA

Restorator Odor Neutralizer

The Superior Alternative to Ozone Cleaning

Replaceable air treatment cartridge (sold separately)

SUGGESTED APPLICATIONS

- Fire/Flood Damage Restoration
- Contaminated Lodging Rooms/Areas
- Auto Rental Agencies
- Vehicle/RV/Boat Storage
- Detail Shops
- Cleaning Services
- Self-storage Warehouses
- Real Estate Services
- Crime Scene Services
- Meeting Rooms

IMPORTANT

This system provides a safe, effective alternative to ozone. It is **not** recommended for use with ozone-generating equipment.

PURPOSE

The Restorator is a simple-to-use, portable electric system that quickly, safely and effectively renews interior space. The Restorator uses Vaportek's patented essential oil membranes to release a non-toxic, odor-neutralizing dry vapor into the air. This penetrating vapor quickly controls and eliminates malodors from smoke, humidity, food and biological odors. Based on proven technology developed for use in medical facilities, the Restorator sets a new standard in interior space renovation.

PLACEMENT

The Restorator is intended for applications where quick results are desired. It is not designed for continuous, long-term operation. The Restorator should always be placed where air movement is greatest. As with any electrical device, do not locate or use on or around water. Use in plain view only. Keep away from extreme heat and from any source of ignition.

FEATURES AND BENEFITS

Easy portability and durable steel construction. No evacuation or recovery period is necessary with Vaportek technology. Spill-proof, patented, natural oil membrane system. The system does not create moisture or ozone, and will not harm fabric, rubber, adhesives, electrical components, or remove pigment from leather.

- ✓ **Simple to use** – Just uncap the cartridge, insert and turn on!
- ✓ **Works fast** – Odor neutralizer delivery is immediate.
- ✓ **Safe** – Does not use or create harmful ozone.

SELECTED SPECIFICATIONS

- Treats areas up to 20,000 cubic feet.
- Heavy-duty construction features 22-gauge vinyl-clad steel case and ABS end caps.
- Dimensions: 6.5"H x 5"W x 12"L (16 x 13 x 30 cm.)
- Weight: 3 lbs., 12 oz. (1.7 kg.)
- High Output Cartridge contains 150 grams neutralizing oil compound. S.O.S. (Smoke Odor Solution, #90-5150-85) or 3X Industrial (#90-5150) cartridges may be used.
- Available in 110V (#90-5000) and 12V (#90-5012) models.
- UL listed.
- Five-year limited warranty.
- Made by Vaportek in the USA.

Because of a constant commitment to product improvement, Vaportek reserves the right to change product specifications or availability without notice or obligation.
