Don't let the cuddly name fool you. Fuzzy Duck® is a heavy-duty, general purpose workhorse. The fully-coated PVC supported glove, provides workers with a "breathable" option to bulky, inferior cotton or leather chore gloves. And with its textured coating, Fuzzy Duck® delivers enhanced grip and handling as well as abrasion and puncture resistance. And like its laminated and impregnated cousins, Fuzzy Duck® is Sanitized® for improved hygiene and safety.

Fully-coated PVC Seam-free liner
