

The Safety Zone's disposable hand and finger protection offers a solution for just about any application and budget. All Safety Zone's glove components comply with the provisions of the Federal Food, Drug, and Cosmetic Act. This makes Safety Zone gloves the perfect 'fit' for food service. For the budget conscious, polyethylene and powdered latex and vinyl offer protection at an affordable price. Premium powder-free latex, vinyl, and nitrile gloves are also available. Our disposable hand protection products are available in a variety of packaging options. All of our gloves and finger cots are sold in retail-friendly boxes.

## LATEX DISPOSABLE *gloves*

- Meets FDCA requirements for food contact
- Ambidextrous
- Available in powdered and powder free styles
- Snug, secure fit
- Chemical resistant
- Available in smooth and textured

Latex gloves are available in XS, SM, MD, LG and XL. Most latex gloves are packed 100 gloves per box, 10 boxes per case.

**GRDR-(SIZE)** Lightly powdered, rolled cuff.

**GRPR-(SIZE)** Powder free, rolled cuff.

**GRDL-(SIZE)** Blue latex, lightly powdered, beaded cuff.  
Not shown.

**GRPR-(SIZE) -1-8** 8 mil. powder free latex, textured, rolled cuff, double chlorinated for additional chemical resistance. Also available in size 2X.

**GRHL-(SIZE)-5M-P** Extra heavy duty 13 mil blue latex disposable gloves. Textured finger tips, powder free. 50 gloves per box. 10 boxes per case.

**GRHP-(SIZE)** Same as above, 11 mil., natural latex color.  
Not shown.

**D-100** Adjustable metal glove dispenser holder for 100 count Safety Zone disposable gloves, wall mountable, sold individually.

**GRHL-(SIZE)-5M-P**

**GRDR-(SIZE)**

**GRPR-(SIZE)**

**D-100**

## Industry APPLICATIONS

Disposable gloves are used primarily in food service, but their uses go far beyond that one application. The chemical resistance properties of latex, vinyl and nitrile make them great for light duty work with chemicals and solvents.

Choose our standard flock lined latex and unlined canners gloves for the best balance of price and durability. Flock lined gloves may be universally known as 'that dishwashing glove' but the uses (and varieties) extend beyond household cleaning. High volume food service (such as meat processing plants) benefit from an increased resistance to animal fats. For chemical protection, blended and nitrile gloves offer greater chemical resistance over standard latex. Also available is our premium chlorinated flock lined glove with a beaded cuff. For added chemical protection, use our heavy weight neoprene latex blended gloves.

## FLOCK LINED gloves

- Natural latex
- Patterned grip
- Cotton flock lining
- Beaded (rolled) or straight cuff
- Retail and industrial packaging

Available in SM, MD, LG and XL.

**GRFY-(SIZE)** Yellow 18 mil flock lined gloves. Individually pair packed 10 dozen per case.

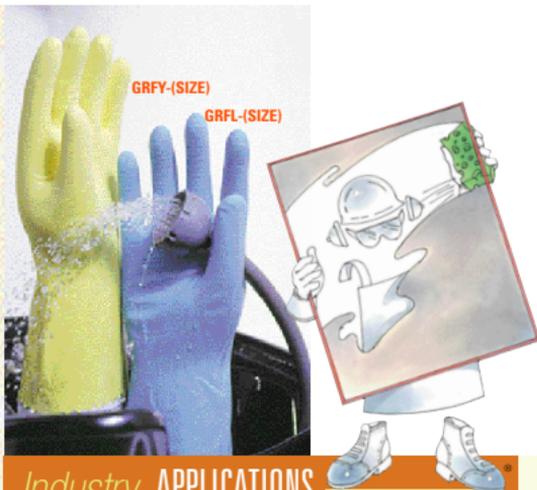

**GRFL-(SIZE)** Blue 18 mil flock lined gloves. Packed as above.

**GRFY-(SIZE)-1B** Yellow economy packed 18 mil flock lined. 12 pair per bag, 10 dozen per case.

**GRFY-(SIZE)-4CR** Yellow retail packed 18 mil flock lined gloves. Individually pair packed 4 dozen per case. *Helping Hands* brand.

**GRFY-(SIZE)-2T-R/C** Yellow chlorinated 20 mil flock lined gloves with beaded cuff. Individually pair packed 12 dozen per case.

**GRFL-(SIZE)-2T-R/C** Blue chlorinated 20 mil flock lined gloves with beaded cuff. Packed as above.

## Industry APPLICATIONS

Flock lined gloves are used in janitorial, sanitation, beauty, food service, and many other applications where chemical solvents and fatty oils are present. Please contact us for specific chemical resistance, as no glove is completely impermeable.

## CANNERS gloves

- Natural latex
- Patterned grip
- Meets FFDC requirements for food contact
- Chlorinated for better chemical protection and strength

Available in SM, MD, LG, and XL.

**GRCA-(SIZE)** Amber 18 mil chlorinated canners. Individually pair packed, 10 dozen per case.

**GRCL-(SIZE)** Blue 18 mil chlorinated canners. Individually pair packed, 10 dozen per case.

Cotton gloves represent the most diverse group in the Safety Zone product line. We manufacture string knits, canvas, jerseys, hot mills, terry cloth, and inspectors. Choose a hot mill for extreme temperature protection, an inspectors glove for photographic and electronic material, or a reversible jersey for an economical solution. Our canvas, string knits and jerseys feature optional PVC dotting for added grip, and we even offer cut resistant gloves. If you have a need, we have your cotton glove!

## INSULATED PVC gloves

**GPOF-(SIZE)-2R-3A** Orange double dipped, sand paper finished PVC gloves with "Actifresh". Heavy jersey and foam lining. Available with a knit wrist, safety cuff, or in a gauntlet cuff in 10" 12" and 14" lengths.

**GPOF-(SIZE)-2R-3** Orange double dipped, sand paper finished PVC gloves. Heavy jersey and foam lining. Available with a knit wrist, safety cuff, or in a gauntlet cuff in 10" 12" and 14" lengths.

### • What is Actifresh?

Actifresh protects PVC gloves from microbial deterioration. Much like a plastic shower curtain, moisture can increase the level of microbial organisms and funguses on the surface of the glove. While these microbes are generally harmless to humans, they can break down PVC and shorten the life of the glove. An Actifresh protected Safety Zone glove is protected inside and out, as the Actifresh treatment is mixed into the PVC when it's still in liquid form.

## Industry APPLICATIONS

Coated gloves provide chemical resistance as well as personal hand protection for harsh work environments. Foam lined gloves provide additional protection from extreme temperatures.

The Safety Zone
