

"p.a.w.s.® wipes sanitize while removing soil and debris from hands"

Safetec® p.a.w.s.® Antimicrobial Hand Wipes

Helps Reduce the Risk of Cross-Contamination and Infection

Formulated with 66.5% ethyl-alcohol to help you meet CDC, APIC and OSHA handwashing recommendations. P.a.w.s.® wipes sanitize while removing soil and debris from hands, an important function in the absence of soap and water. Our convenient packaging options are great for first aid kits, the office, purses, bags, hospitals, vehicles and workshops. Make hand hygiene a priority at your facility! Provide p.a.w.s.® to your staff for effective, proven protection against potential infections and germs.

p.a.w.s.® Wipes

- Cleans and Sanitizes All In One
- Effective Against Avian Flu A*, HIV-1, VRE, E. Coli and More
- Kills 99.9% of Most Common Germs
- Enriched with Aloe Vera to Add Moisture with Each Use
- Helps Reduce the Risk of Cross-Contamination and Infection
