

Dust Containment Systems

COMPACT VACUUM

BDC-112EU

The Blastrac BDC-112EU compact dust collection system is designed for continuous use with hand tools and small grinding machines. It offers great maneuverability with over-sized rear wheels and swiveling front casters.

Built of strong polyester plastic, the BDC-112EU is easy to clean, damage resistant, and lightweight to carry. This compact dust collector is supplied with a 15 ft., 1 3/4 in. vacuum hose and 2 1/4 in. connector. When properly coupled with most hand tools, small prep tools, and smaller grinding machines, the dust collector will help eliminate most all airborne dust and particulates generated.

This small powerful industrial vacuum is the perfect size for an operator of handheld tools that must utilize a dust collection system to satisfy environmental concerns. The operator can breathe easier while observing the work area, without the concern of air borne contaminants.

Simple control panel with auxiliary outlet for hand tools.

SPECIFICATIONS:

Air Flow: 82.4 cfm @ hose end, 90 inches of water column
Dust Bin Capacity: 5.5 gal. (21 liters)
Voltage: 120V, 50/60 Hz, 1.2kW
Amperage: 10.2A
Filter: M class cartridge filters
Cleaning: Electromagnetic pulse filter
Power Cord: 26 ft. (8m)
Dust Hose Connection: 1 3/4 in. (44mm), 2 1/4 in. (57mm)
Dimensions:
L 15.7 in. x W 22in. x H 22 in.
(400mm x 560mm x 560mm)
Weight: Net 28 lbs (12,7kg)

FEATURES AND BENEFITS:

- Compact size is easy to maneuver
- Swiveling front casters with over sized rear wheels for great maneuverability
- Can be used indoor/outdoor
- Can be used for dry applications or wet (without filter)
- Made of tough, easy to clean polyester plastic
- Semi-automatic self cleaning system for longer filter life
- Offers virtually dust-free operation for most handheld tools and small grinding machines, when properly connected

Always wear appropriate eye, ear and respiratory protection for the application, as specified by OSHA regulations and your employer. Never operate or maintain equipment before reading and understanding the instructions for operation and maintenance. Obey all safety signs and instructions while operating or maintaining equipment.
