Hooks & Carabiners ▾

Our connector and snap hook options vary as you can see above. These provide you with versatility to get your job done safely. Remember the 3,600 lb. gate rule that ANSI Z359 requires when choosing your connector.

Guardian is one of only a few manufacturers that offers an aluminum rebar hook that is 3rd party tested for compliance with the ANSI Z359 standard.

- [1] Locking Aluminum Carabiner (01813-A)
