Fendall Porta Stream® I Eyewash Station

Portable, lightweight and delivers 6 minutes of uninterrupted, hands-free flushing without costly plumbing. Gravity-fed flow begins immediately when the nozzle pull strap is removed. Supplied with either 70 oz. of Sperian® saline concentrate which, when mixed with tap water provides 6 gals. of saline solution, or Sperian water additive, enough for 14-16 gals. of water. Unit may be mounted on a wall, mobile cart or mobile stand for easy and affordable safety near most workplace hazards. Nozzle strap is easily removed, leaving hands free to hold eyelids open. Large fill hole simplifies refilling and cleaning. Illustrated operating instructions printed on the unit. Unit is suitable for nuisance situations such as dust or particle flushing where a 15-minute flushing device is not a requirement. Hi-viz green.

Fendall Porta Stream® II Eyewash Station

Portable, self-contained design may be mounted on a wall or mobile cart. Nozzle strap is easily removed to activate flushing, leaving hands free to hold eyelids open. Molded handle accepts hanging bracket for vertical or horizontal surface installation. Versatile flushing fluid options include Sperian® saline, a preserved, buffered solution. Industry-compliant 15-minute flow cycle from a large 16-gal. reservoir permits thorough eye flushing by providing a 0.4 gpm flow rate over the eyes. Large fill hole with lockable fill cap simplifies refilling and cleaning and reduces risk of possible tampering. Comes complete with Sperian saline concentrate. Hi-viz green. Meets ANSI Z358.1-2009.
