

Oil-Only TrackMat Roll #TMAT57 - 57" x 80', 1 roll/package

Help prevent ground contamination with an absorbent mat specially designed for outdoor railroad maintenance.

- Oil-Only TrackMat features a highly-absorbent meltblown core that quickly soaks up and retains oils, lubricants and other petroleum-based liquids. Repels water so absorbent capacity isn't wasted. Heavy-duty spunbond top layer adds strength and durability for long-term deployment in almost any weather conditions. Thick bottom layer of clear polypropylene prevents liquids from leaching into the ground below. Sized to fit between standard railroad tracks.
