Product Family
Fibre-Metal Supercool
Products

Fibre-Metal® Supercool products are produced from a unique, patented composite material designed to absorb and trap water. Advanced evaporative cooling technology provides hours of cooling comfort. The sunshields protect workers by shielding their neck, face, and ears from the sun while the cooling headband and neckwraps keep workers cool.

by Honeywell

Product Numbers & Ordering Information

	Product Numbers	Details
	FMSCH1RD	Cooling headband Red
	FMSCH2SAS	Cooling headband Stars & Stripes
