This multi-purpose machine is designed for surfacing concrete floors, restoring or preparing wood decks and hardwood floors.

Unique belt drive, three-head system is designed for smooth operation with superior results.

Counter-rotating head makes this machine easy to operate and control with no sliding.

#### Flexible Startup Trigger (16" Only)

Non-conductive with safety lock-out to prevent accidental startup. Operator activates the machine with a gentle squeeze.

#### Heavy Duty Switch (16")

Set in steel switch box with a 15 AMP circuit breaker.

#### Handle and Frame

Constructed of heavy-duty steel for strength and durability. The handle has a quick disconnect for transport.

#### Heavy-Duty Motor with Dual Capacitors

The 16" is equipped with 1 1/2 HP motor and 20" with a 3 HP motor.

#### Adjustable Bottom Dust Skirt

Provides dust containment during operation.

#### Heavy-Duty 3 Wire Grounded Power Cord

The 16" machine is equipped with a 30 ft 12/3 power cord. The 20" is equipped with a 50 ft 12/3 with a 20 AMP twist lock plug power cord

#### 6" Transport Wheels

#### Outer Bowl w/Lift Handles and Vacuum Port

Made of spun steel with vacuum ports and the inner bowl of cast aluminum.

Unique changeable heads are easy to install and remove, adding to the machine's versatility.
