Big D Odor Control Fogger - These total release products will destroy all odors in any home-size room or individual office or a car that's been in a flood, fire, engaged a skunk or any other place that is enclosed or too small for a large electric fogging machine.

Fire D One Shot Aerosol - Use to kill after-fire odors in automobiles and other small enclosed areas where a fogging machine would be awkward and/or electrical power is not available.

Big D offers a complete line of products for thorough cleaning, disinfecting and odor control.

FIRE D ONE SHOT

Use to kill after-fire odors in automobiles and other small enclosed areas where a fogging machine would be awkward and/or electrical power is not available.

May also be used as a hand operated spray gun for concentrated burned areas such as automobile engines and kitchen stoves.

More than one can may be used for spaces larger than a car interior yet too small for a fogging machine. As a rule of thumb, use one can for every 10,000 cubic feet of room space.

ORDERING INFORMATION:

Product No. 202

6 ounce can (5 ounce contents)

Packed 12 per shipping case (wt. 7 lbs.)

ODOR CONTROL FOGGER

Total release foggers are far superior to hand held aerosols for the kinds of odors that force themselves into cracks and crevasses. Eliminates cigarette odors in cars and musty smells in closed rooms. Excellent for use in property management.

Provides up to 6,000 cubic feet of coverage.
