

PEX™ 500

Heated Portable Extractor

The **PEX™ 500** is the result of years of extensive engineering and design experience coming together with customer feedback to create one of the most powerful and user-friendly portable carpet extractors ever made.

The **PEX 500** is designed with the end user's needs in mind. Features like upright, dolly design for easy loading, unloading and stair climbing make the **PEX** easy to handle by one person. Wand caddy, retractable cord wrap and large rear wheels make the **PEX** very easy to transport. For maintenance, it doesn't get any easier than the **PEX** pallet design. Simply open the hinged tanks for full access to all internal components on the machine.

But it is the "Easy Transport" features of the **PEX** that crown it already as the king of mobility. A special wand caddy is molded into the design of the machine. A retractable hose wrap holds your vacuum and solution hose. Cord wraps hold your electrical cords. It is the easiest high performance extractor in the world to move through a facility.

For performance, the **PEX** has all the power and versatility you expect a **U.S. Products** extractor to have and more! Dual vacuums and on-demand 212° F heat provide unmatched cleaning power, but don't take our word for it, let the proven performance of the CRI Gold certification speak for the power of the **PEX!**

Features & Benefits

- **Dual Vacuums** Dual vacuums with unrestricted airflow for superior water recovery, innovative fresh air intake for each vacuum improves vacuum life, dual 3-stage vacuum motor.
- **Heater Element** In-line, after the pump for longer life and instant heat up to 212° F at the wand tip, lifetime warranty.
- **Low Moisture System** Less water combined with higher heat means faster drying, less chance of shrinkage or wicking from the pad.
- **Low Noise** Day-time-quiet operation with innovative sound deadening chamber.
- **Smart Circuit Locator** Identifies separate lines to eliminate blown circuits.
- **Tanks & Bodies** Lightweight, rotationally molded with lifetime warranty against cracks, leaks and dents. Unique pallet design for easy maintenance.
- **Top Warranty** Industry leading, 2 year parts and labor warranty standard.
- **CRI Certified** Third party tested and received the top GOLD certification for superior cleaning performance for carpet extraction.

PEX™ 500

Heated Portable Extractor

Specifications

| | PEX 500 |
|----------------------|--|
| Vacuum | Dual 5.7 in, 3-stage |
| Vac Shutoff | Ball float |
| Pump | Positive displacement adjustable 50-500 psi |
| Waterlift | 200 in |
| Heat | Adjustable to 212° F for carpet extraction, or 145° F for upholstery |
| Heater | 2,000 W |
| Gauge | Glycerin filled pressure gauge |
| Wand | Evolution rotationally molded wand, twin tip for 500 psi |
| Dimensions | H = 39 in x W = 25 in x L = 33 in |
| Weight | 110 lb |
| CRI Certified | GOLD |
| Part Number | 56113000 - PEX 500 56113004 - PEX 500-15-EV |

Specifications are subject to change without notice.

Standard Features

- Smart circuit locator
- Low moisture design
- Low dB for daytime-quiet operation
- 12 gallon solution tank
- 10 gallon recovery tank
- Innovative fresh air intake for each vacuum motor, increased durability
- Two handles for easy maneuverability and loading
- Roller handles for easy loading
- Upright dolly design for easy stair climbing
- Wand caddy for easy transport
- 12 inch non-marking wheels
- Low solution filling area for easy filling
- 15 foot high pressure solution line and crushproof vacuum hose (optional 25 foot available)
- 2 cords, each 25 foot detachable 12/3 gauge, hospital grade plugs
- Pressure relief valve
