

MSA Comfo-Cap® Helmet

Head protection for the mining industry

The Comfo-Cap is widely used in the mining industry due to its low profile. All Comfo-Caps come standard with a lamp bracket and cord holder.

- Classification:** Type I, Top Impact
- Application:** General Purpose; Confined Space
- Markets:** Mining, including oil and gas extraction, coal mining, metal ore mining, nonmetallic mineral mining and quarrying
- Shell Material:** Polycarbonate
- Available Styles:** Non-Slotted Cap w/ lamp bracket and cord holder
- Sizes:** Standard (6½ – 8")
- Standards:** ANSI/ISEA Z89.1-2009 (Class G)
- Certification:** Third-party by SEI
- Customization:** Imprinting and striping available. Imprinting locations on Comfo-Caps are limited to the sides. A minimum order quantity of 20 Comfo-Caps of the same color and suspension selection is required.

Please contact MSA Customer Service at 1-800-MSA-2222 for details about Comfo-Caps or any MSA products. You can also visit us on the web at MSASafety.com.

⚠ WARNING

Ensure suspension sizes and helmet match by size. Do not mix suspension sizes and helmet sizes (i.e., putting a standard sized suspension in a large helmet or any other mismatched combination). Do not use competitor suspensions in MSA helmets. Use only the indicated MSA suspension in your MSA helmet. Failure to follow these instructions will reduce the energy absorbing ability of the protective helmet to receive impact, and could result in serious injury or death. Replace suspensions every 12 months from date of service. In the case of an impact, replace immediately.

Note: This Bulletin contains only a general description of the products shown. While uses and performance capabilities are described, under no circumstances shall the products be used by untrained or unqualified individuals and not until the product instructions including any warnings or cautions provided have been thoroughly read and understood. Only they contain the complete and detailed information concerning proper use and care of these products.
