

Syclone | Series 7 Dehumidifier

The Syclone[®] Series 7 dehumidifier features a compact, portable design with easy to use digital controls. Durable rotational-molded housing and semi-pneumatic wheels provide a long service life and make it easy to transport to and from the job site.

Automatic condensate pump removes water for unattended operation. Digital control will automatically restart if power is interrupted. Also features an hour-meter for timed operation. Exhaust port allows for easy connection to various ducting options.

- ▶ **Digital touch-pad controls**
- ▶ **76 pt/day at AHAM**
- ▶ **Portable, convenient size**
- ▶ **Durable roto-molded housing**
- ▶ **Rigid handle – designed for rugged service**
- ▶ **Semi-pneumatic wheels**
- ▶ **Automatic condensate pump**
- ▶ **Built-in hour meter**

SPECIFICATIONS

Item	Description
53481	Syclone Series 7 Dehumidifier (ea)
Accessories	
1657-3521	Replacement Air Filter for Series 7 Dehumidifier (ea)

Manufacturer	Syclone [®]
Type	Standard Refrigerant
Xactimate Code	WTRDHM
Series	7
Water Removal Capacity	76 Pt/Day
Air Flow CFM 2	325 cfm
Material	Polyethylene
Voltage Rating	115 volt
Color	Red
Amperage Rating / Max	7.36 amp / 7.36 amp

Dimensions	32" h x 20" w x 22.5" d
Includes	40 ft Drain Hose
Air flow range	150 - 325 cfm
Refrigerant Type	R410a
Filter Type	Foam
Control Type	Electronic Touchpad
Cord Size	25 ft
Caster Type	Semi-Pneumatic
Operating Temperature	33 - 100 Deg F
Warranty	1 year
