

## EXTREME DUTY ODOR COUNTERACTANT

### DESCRIPTION

Product No.: 3041

**RECON** Extreme Duty Odor Counteractant is a maximum strength, superconcentrated product for the most extreme treatment of most washable surfaces. Formulated specifically for the treatment of surfaces after fire, water or smoke damage, this product is fortified with a super concentrated odor counteractant and pleasant light fragrance to leave smoke damaged surfaces and rooms smelling fresh and clean without overpowering the area. This product is very versatile and may be added to other cleaning products including mop water to remove soap film from floors, walls and other washable surfaces. This product is nonflammable at usage dilution, and is highly concentrated making it very economical to use.

### PROPERTIES

- **Weight per gallon:** 8.00 lbs.
- **Color:** None
- **Odor:** Isopropyl Alcohol
- **pH:** 8.0-9.0
- **Shelf Life:** 1 year minimum
- **Active Ingredient:** Metazene

### DIRECTIONS

Use the following dilutions for maximum effectiveness. Be sure washable surface has been cleaned of any deposits or heavy film.

**LIGHT DUTY SPRAYING:** Dilute product 1-2 ounces per gallon with water and apply with a trigger or pump up sprayer. Repeat as necessary.

**HEAVY DUTY SPRAYING:** Dilute product 2-4 ounces per gallon with water and apply with a trigger or pump up sprayer. Repeat as necessary.

**EXTREME DUTY SPRAYING:** Dilute product 4-6 ounces per gallon with water and apply with a trigger or pump up sprayer. Repeat as necessary.

**CLEANING ADDITIVE:** For most water based cleaning products, this product may be added to enhance the deodorizing power of the cleaning process. Dilute 1 ounce per gallon to the end use solution (as is if Ready-to-Use, diluted per the label instructions of the cleaner if a concentrate). Use per the label directions of the cleaning product. NOTE: Not recommended for use with glass cleaners.
