

SYCLONE

Syclone | H6QBPB HEPA Vacuum

Introducing a battery operated HEPA vacuum that can be worn comfortably as a backpack and provide 2 hours* of peak vacuum power before recharging. The model H6QBPB is approved for EPA RRP regulations for removal of lead based paint particles. It also meets OSHA requirements for reducing permissible levels of hazardous airborne materials in schools, hospitals and other public areas. Don't be misguided by competitive backpack vacuums claiming to have HEPA filtration. This backpack is a genuine "HEPA Vacuum". A genuine "HEPA Vacuum" must have a HEPA filter that is individually tested and certified at a minimum efficiency of 99.97% at .3 microns.

Advanced lithium ion battery technology makes the H6QBPB ideal for cleaning buses, aircraft, theaters, stairwells or any areas where using electrical outlets are not practical. The high quality lithium ion battery requires only three (3) hours to reach a full charge.

- ▶ **Rechargeable and cable free. Operator allowed to work large areas without stopping to locate an outlet.**
- ▶ **Two-stage 36V 600 Watt vacuum motor provides 80CFM and 70-inches of waterlift.**
- ▶ **Four-stage filtration prevents premature clogging and ensures clean air exhaust.**
- ▶ **Padded harness with handle allows for free arm movement, enhancing cleaning performance while minimizing stress to the operator's body.**
- ▶ **Lightweight, polyethylene body resists impacts and withstands years of professional use.**
- ▶ **Hip mounted, cord switch box assembly**

SPECIFICATIONS

Item	Description
1630-4988	Syclone H6QBPB HEPA Battery powered backpack vacuum (ea)
Details	
Construction	Blow-molded polyethylene body, padded nylon harness.
Warranty	1 year

Model	HQ6BPB
Vacuum Motor	36 V, 600 watt with internal thermal protection
Suction/Airflow	70" waterlift, 180 cfm
Noise Level	65 decibels
Filtration	4-stage including HEPA filter, drop-in cloth bag, six quart two-ply disposable paper filter bag
Bag Capacity	6 quart
Height	22.1 inches
Weight	Machine Weight: 10.5 lbs. (w/battery 15 lbs.) Shipping Weight: 33 lbs.
Hose	1.5" diameter, 6' length
On/Off Switch	Hip mounted, cord switch box assembly

Syclone | H6QBP HEPA Vacuum

Battery Pack:

Mounts on hip & thigh for improved mobility, less operator fatigue. Long lasting battery life. Item # 1686-4581

On-Off Switch:

Hip mounted for easy access. Item # 124-7310-14

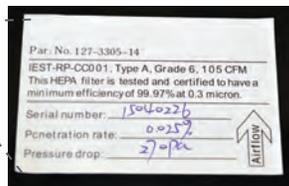

Tool Kit Includes:

Item#	Description
1682-4486	2-piece Aluminum Wand - 5 foot
1680-4662	Round dusting brush
1683-4665	Crevice Tool 17"
1684-4666	Upholstery Tool
1683-4487	Multi-Surface Floor Tool
1681-4485	Hose 1.5' x 6 ft.

Tested & Certified HEPA Filter:

The H6QBP is equipped with a "Fail-Safe" HEPA filter system that protects against discharge or bypass of dangerous dust particles from the vacuum cleaner. This modular, drop-in and removable HEPA filter, cloth pre-filter and disposable paper bag, all seal together tightly under suction. There is zero risk of the operator incorrectly installing the HEPA filter and accidentally causing bypass, thus contaminating the air with dangerous particles. Also, in the event of a failure, by rupture or the like, of the cloth filter bag or disposable paper bag, the HEPA filter is the final filter and certified to trap any particles before they can be released into the air.

The HEPA filter is individually tested and certified to be 99.97% efficient at .3 microns according to IEST-RP-CC001 test requirement.

Disposable Paper Bag:
Item #1602-4972

Cloth Bag:
Item #1684-4488
