

# OMNI PRO SOOT WASH

## TEXTILE SOOT AND SMOKE ODOR REMOVER

### SOOT WASH

OmniPro Soot Wash is specifically designed to remove tough soot stains from water-safe textiles including clothing, sheets, upholstery, carpet and drapes.

**Soot Wash solves the 3 main issues with cleaning soot-contaminated textiles.**

**1) Hard-to-remove soot stains.**

Soot Wash surfactants penetrate deep into textiles to remove stubborn soot stains and then loosen soot from the fibers through charge-charge interaction.

**2) Strong smoke odors.**

Soot Wash boosted by OmniPro Smoke & More - Original neutralizes odors with an odor encapsulant and unique fragrance that gets rinsed away after cleaning.

**3) Redeposition of soot particles.**

Once soot has been removed from the textile it can reattach when sitting in a washing machines. Soot Wash contains ions that prevent re-staining from occurring and allows for thorough removal of stains.
