

PR500 Series PAPR

The PR500 Series is the redesigned Sperial Opti-fit Convertible Face-Mounted PAPR, re-engineered and approved for use with the North RU6500 tight fitting full facepiece.

Originally launched as an Air Purifying Respirator (APR), **the RU6500 is now NIOSH-approved for use as a PAPR.**

Using the nozzle adapter, which is included with the Honeywell PR500 Series, this PAPR blower assembly mounts directly to the center port of the RU6500.

Product Benefits & Features:

- ▶ *Front-mount capability to relieve the weight of a belt-mounted blower*
- ▶ *Flexibility in converting from APR to PAPR in three different mask sizes*
- ▶ *Ideal for users who need only High Efficiency Particulate (HEPA) Protection*
- ▶ *Lightweight unit will not slow worker efficiency*
- ▶ *Water-resistant battery pack is contoured for better fit*
