

The highest levels of comfort, protection, performance and sleek styling now combine with an over-the-glass prescription eyewear option. The Uvex Stealth family, one of the most popular goggles on the market, has expanded to include an OTG style. These goggles offer modern design, technology and materials coupled with premier performance, comfort and adjustability features. Ideal for impact, dust and airborne particles, chemical splash, and optical radiation (UV and welding/heat radiation), the new expanded Uvex Stealth family continues to make it easy to wear goggles on the job, no matter what the application.

Uvex Stealth® OTG OVER-THE-GLASS GOGGLES

Premier Performance

- Ideal for impact, dust/airborne particles, chemical splash, and optical radiation (UV and welding/heat radiation).
- Available with Dura-streme™ dual coating technology which combines our two best lens coatings — Uvextreme® anti-fog on the interior and Ultra-dura® anti-scratch on the exterior — for 3x longer lens life*.
- Available in Clear, Amber, Standard Gray, Shade 3.0 and 5.0 Welding tints.
- High impact protection certified to ANSI Z87.1-2003 (High Impact) and CSA Z94.3.

Superior Comfort & Fit

- High quality elastomer body conforms and contours for a secure, customized, gap-free fit.

- Low-profile, wrap-around style provides complete coverage designed for all-day wear.
- Fits comfortably over most prescription eyewear.
- Pivoting headband clip and wide adjustable-slide headband provide a range of adjustability for all-day comfort and fits comfortably with hard hats.

Exceptional Total-Cost-of-Ownership (TCO) Value

- Replacement lenses easily snap on to the front of the Uvex Stealth OTG body.
- Economical replacement system allows for multiple lens tints and extends the life of the goggles.
- Dura-streme coating provides longer lasting lenses.
- Multiple models in a family offers standardization while offering workers choice.

Minimized fogging with durability through indirect venting and innovative Dura-streme dual anti-fog/anti-scratch coatings.

Superior optics and panoramic field of vision enhanced with toric lens and wrap-around, low profile design.

Designed for improved productivity with Uvex® standard and welding lens tints.

Premier all-day comfort with quality elastomer body, pivoting clip and quick-adjusting wide headband.

*Comparative lens life test performed using a Bayer Abrasion Test method and may vary between environment and application.

Uvex Stealth® OTG

OVER-THE-GLASS GOGGLES

SAFETY GOGGLES

Clear — ideal for most indoor work applications

Standard Gray — minimizes outdoor sunlight and glare

Amber — ideal for low-light applications where enhanced contrast is needed

Shade 3.0 — Infra-dura® welding shade for torch soldering, brazing and cutting operations

Shade 5.0 — Infra-dura® welding shade for cutting and gas welding operations

All Uvex® lenses offer 99.9% ultra-violet protection.

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® anti-scratch coating is permanently bonded to the lens and is scratch-resistant and chemical-resistant.
