

Leave Up to 35% Less Water Behind Than Competitive Tools

The faster you remove water from carpet and pad the faster you can dry. The patent pending FlashXtractor™ Subsurface Water Extraction Tool is so efficient and easy to use you will wonder why you ever bothered using other tools.

- The high modulus impact resistant plastic base was injection molded with the 90° angle hose cuff connector molded right into the base.
- Injection molded construction means no screws, gaskets or seals to replace.
- Flexible, telescoping handle allows the operator to work in tighter places
- Fits both 1-1/2" and 2" Vacuum hose
- Fold-up handle allows for compact storage, and the ability to hang on a wall
- Light weight reduces operator fatigue
- No vacuum release is necessary due to the ridges incorporated in the design to optimize air flow and suction
- In comparative lab testing it left considerably less water, as much as 35% less* compared to other tools
- Patent pending base design eliminates dead spots
- The FlashXtractor can even be used to evacuate water from black water floods
- 2 Year Comprehensive Replacement Warranty
- 16.5" W x 9.5" L
