Water Claw Flood Tools

Whether you pull the pad or you don't, the first step to making any flood job easier, faster, and more profitable is to start with sub-surface extraction using the Water Claw. Proven on thousands of flood restorations worldwide. Water Claw flood extractors are a "must have" tool for the full-service professional.

Unconditional Guarantee

Hydro-Force Mfg. now offers a 30-day guarantee on the purchase of your first Water Claw Sub-Surface Spot Lifter or Flood Extractor. If you don't agree that sub-surface extraction performed by the Water Claw will be an important part of your business, return it for a full unconditional refund.

1 Water Claw Added Features:

- 1 Vacuum Release. Spring loaded handle automatically breaks vacuum between the carpet and tool for easier and faster flood extraction.
- 2 Telescoping handle easily adjusts for different operators.
- 3 Improved bottom plate for better sub-surface extraction.
- 4 Angled metal hose flange for greater durability accepts 1.5" or 2" hose cuffs.

Incredible results! Amazingly simple!

Try it once and you'll wonder how you ever got along without one!

Spot Lifter

A spotting revolution has begun!

If the problem is in the carpet backing or pad, the solution is a Water Claw Sub-Surface Spot Lifter. Flush out urine contamination, soda pop, oils, soap residues, food spills, etc. completely. Use with a truck-mount, portable, or mini-extractor. Accepts 1.5" or 2" hose cuffs.
