- ▶ Immediate Results yield increased Customer satisfaction.
- ▶ Reduces Additional Living Expenses Often allows policyholders to remain in their homes.

The OdorKlenz-Air Cartridge Is Effective Against Odors Caused By:

- Water
- Fire
- Decomposition
- Many others

### Sulfur Odors (Hydrogen Sulfide)

### OdorKlenz-Air vs. Competition

OdorKlenz-Air Cartridges can be used to remove odors from fire and water damage. In the test illustrated above, OdorKlenz-Air drastically reduced the sulfur odors in just minutes, while other methods took hours!

Rapidly eliminate big odors with the earth friendly OdorKlenz-Air Cartridge.

OdorKlenz-Air gets the Customer back up and running...

At home    At work    In life

**Fire and Smoke Damage Remediation**

OdorKlenz provides new levels of odor elimination for buildings affected by fire and smoke damage.

The OdorKlenz-Air Cartridge is safe, fast, and can yield increased Customer satisfaction.

**Problem:** A liquor store was damaged by fire and smoke throughout the 1,200 square foot building.

**Action:** An air scrubber with an OdorKlenz-Air Cartridge was placed in the damaged area for 2-3 hours.

**Result:** "After 2 1/2 hours, I could not believe the odor had been eliminated completely. We were very impressed."

**Charles K., Restoration Service Provider**

**Water Damage Remediation**

Water damage causes growth of mold and bacteria leading to a musty odor if not resolved immediately.

The OdorKlenz-Air Cartridge eliminates this odor, improving Indoor Air Quality and reducing overall cleaning time.

**Problem:** A basement 1 inch deep with sewage. "The smell was the worst I've experienced in my history."

**Action:** The air scrubber with an OdorKlenz-Air Cartridge ran for 3 hours.

**Result:** "We met the Customer upstairs and to their satisfaction and our surprise, the odor was gone. It far outperforms any other filter. It just works."

**Don M., Restoration Service Provider**

**Trauma Odor Elimination**

Crime scenes and trauma clean up can begin immediately with OdorKlenz-Air Cartridge offering a safe and real time odor elimination environment for crews to work around.

Tough odors stemming from decomposition will be eliminated fast.

**Problem:** 7-10 days after death, a body was located in a 10x10 cinder block dormitory room.

**Action:** The air scrubber with an OdorKlenz-Air Cartridge ran for 2-3 days while materials from the room were removed.

**Result:** "The representative for the building reluctantly came to inspect and was very pleased when no odor was detected and the room was ready for use again."

**Charles K., Restoration Service Provider**
