WWW.PANASONIC-ULTRAPRO.COM

Superior carpet cleaning performance as certified by the **Carpet and Rug Institute Seal of Approval**.

With CRI Green Label certification and an operating noise level below 70 dB, these units qualify for points within the Leadership in Energy and Environmental Design (**LEED**) certification program.

The Restriction of Hazardous Substances (**RoHS**) directive restricts the use of hazardous materials, such as lead, mercury, and cadmium, in the manufacture of electrical equipment.

At **68 dB** (MC-GG523) quiet enough for daytime cleaning.

Weighing **less than 18 lbs.** and featuring an **improved carrying handle**, they are easy to use, carry and store.
