

Flex Low Voc will wrestle even the toughest soils off the carpet! Heavy greases, oils, and other tough soils are no match for Flex Low Voc. Unequaled in the industry, Flex Low Voc's surfactants, alkaline builders, and boosters come together to provide you with the toughest cleaner available.

Fast: Flex Low Voc goes to work the second it comes in contact with soil in the carpet. High performance surfactants and boosters quickly suspend and emulsify even the most stubborn soils.

Economical: Even when purchased in small quantities, Flex Low Voc offers you savings and power! Purchase Flex Low Voc in larger quantities to save even more.

To be used as a traffic lane prespray on heavily soiled carpets. Should be extracted after use. Flex Low Voc is not designed to be used on 5th generation fibers. Flex Low Voc is designed for use in the Hydro-Force sprayer, electric sprayers, and other types of pump sprayers.

- Low Voc Compliant in all 50 states
- Dissolves and breakdowns dirt and grim on even the toughest cleaning jobs
- Defeats dirt and grim in totally trashed carpets

DIRECTIONS:

For use with Hydro-Force sprayers: Add Flex directly to the 5 quart container. The proper dilution is automatically achieved.

Revolution, Pump or Electric Sprayers: 1 part Flex Low Voc to 32 parts hot water (4 oz. Flex Low Voc to 1 gal. hot water).

Extra Heavy Soil: Add 8 oz of Citrus Solv to 5 quart container when using the Hydro-Force. Add 1 ounce Citrus Solv to each gallon of ready to use solution for other sprayer systems.

Available in Gallons and 4 x 1 gallon cases

RTU pH:12

Dilution Ratios:

Medium to Heavy Soil: 1:8 Part # CC23GL
