

# STUNNED™ TRAFFIC LANE CLEANER

Information Sheet

Traffic Lane Cleaner and Carpet Preconditioning Agent

Stunned Traffic Lane Cleaner and Carpet Preconditioning Agent is an advanced high alkaline traffic lane cleaner/ pre-spray formulated to be effective on heavily soiled and trashed synthetic carpeting. Stunned provides you with superior cleaning effectiveness when compared to other restorative carpet cleaning presprays and last resort cleaners on the ultimate filth on carpeting and synthetic upholstery. It is extremely effective and aggressive on grease, soil, food, and oxidized oils. We know that you are already working hard when it comes to cleaning heavily soiled carpets. Once you have applied Stunned Traffic Lane cleaner, you and your customer will be stunned and amazed as it starts to dissolve and break down soils right before your eyes. Extraction will be so much easier, and you won't have to worry about over wetting due to multiple wet passes. Even with its incredibly aggressive formula, Stunned is still safer to use than other heavy duty cleaners, proven by the fact that it is VOC compliant.

- Perfect for cleaning really dirty synthetic carpets
- Super concentrated 1:16 formula
- High pH formula – not for use on warranted stain resistant carpets
- VOC compliant
- Melts away stubborn grease and oil
- Dissolves and deflocculates all types of soiling grime

RTU pH  
11.5 - 12.5

Item #: CC501GL

Available in Gallons & 4 x 1 gallon cases

Compare to:

- Pro's Choice Firewater
- Jon-Don Matrix® Fastacting TLC
- Adco Pro Superior TLC

## DIRECTIONS

To be used as a carpet preconditioning agent or prespray for soiled non-stain resistant synthetic carpets and as a last resort cleaner for durable synthetic upholstery fabrics. Product should be extracted after use. Stunned Traffic Lane Cleaner is designed for use in the Hydro-Force sprayer and other types of electric, battery, or pump up sprayers.

1. Always pretest for colorfastness in an inconspicuous area.
2. **For normal soiling:**

For use with HydroForce Injection Sprayer, add 2.5 quarts of Stunned directly to the 5 qt. container. Use the standard 1:8 setting. For use with pump up pressure, electric, or battery powered sprayer, mix one part chemical with 16 parts water (8 ounces of solution to one gallon of water). Apply an even, overlapping light misting across the area to be cleaned.

3. **For heavy and extreme soiling:**

For use with HydroForce Injection Sprayer, add 1 gallon of Stunned directly to the 5 qt. container. Use the standard 1:8 setting. For use with pump up pressure, electric, or battery powered sprayer, mix one part chemical with 12 parts water (10 ounces of solution to one gallon of water). Apply an even, overlapping light misting across the area to be cleaned.

4. For best results, allow mixed solution to dwell on carpet for 5-15 minutes before extraction.
